

Support Revamp

How can you help?

- Recycle any unwanted, reusable furniture to the project. This will be passed repaired if needed and sold in our furniture showroom to those in the community who find themselves in need. Donating your unwanted furniture also helps to reduce the volume of waste dumped in Co Longford.
- Visit our showroom at our newly extended premises in Mastertech Business Park. There is a wide range of restored furniture and other donated items.
- If you have a piece of furniture that you wish to have restored, contact the project. If possible, participants will restore and renovate your items to the highest standards.
- Give us your time. Volunteers are always welcomed and their input greatly valued.
- Make a donation, or hold a fundraising event for this project.

Visitors to REVAMP 3R STORE are welcome. Please call us directly on 043 48876 or 087 9573491
